

baremedical®

Pull Up Pants

Baremedical pull ups are made from a soft cloth-like material and features a stretch waist that allows patients to pull them on and off like regular underwear. They have a wetness indicator that turns blue when they should be changed for easy checking.

Features & Benefits

- Visible wetness indicator
- Snug elastic waist band
- Super absorbent polymer
- Technology anatomically shaped
- Enhances absorption for added protection
- Between 1500ml to 2000ml depending on size

Please properly dispose of products in the rubbish bin. These products are non-flushable. Look for the blue tab below the waistband - the tab indicates the back.

SINGLE USE ONLY
