

New baremedical® Ellipsis® Lite Compression Stockings

Ellipsis® Lite Compression Socks

Class 1 | Knee High | 15-21mmHg | 75% Nylon - 25% Spandex

The Ellipsis Lite range of stockings are designed to provide compression support with comfort and style. Easy to measure and fit, the Ellipsis Lite range has antimicrobial fabric designed for everyday wear.

Open toe medical knee high uses gradient compression, good for blood circulation. The toe-less design accommodates large shoe sizes and provides quick access. Open toe medical knee high is soft, with good sweat absorbency to work, dress and be comfortable all day.

Breathable

Moisture-wicking

Anti-bacterial
