

# baremedical®

## Yankauer Suction

Baremedical yankauer suction bulbs are available in vented and non-vented for all your patient needs. They are a blend of clear with blue tint to easily see through and maintain constant visualisation of suctioned materials.

### Features & Benefits

- Yankauer is a one-piece design, made from a blend of clear, blue-tinted, shatterproof and non-metamorphosed plastic
- A smooth and uniform inner surface for rapid evacuation, fits securely on all types of tubing.
- Clear tips permit visual monitoring of suction fluids.
- Single use
- Available with and without vent
