

baremedical[®]

Super Absorbent Dressing

Baremedical super absorbent dressings hold more fluid. They lock the fluid inside the dressing to help decrease the risk of maceration and keep the harmful wound fluid components away from the wound and the peri-wound skin. baremedical super absorbent dressings have polymers that bind with the fluid and convert it to a gel.

Features & Benefits

- Contains protective outer layer and non-adherent wound contact layer for easy removal
- Primary or secondary dressing
- Composed of non-woven polyethylene, cellulose material
- Easy to apply
- Heavy exudate

PRODUCT INFORMATION

Sterility	Sterile
Shelf Life	3 years
